PROFILE

Final-year MCA student and Full Stack Developer with hands-on experience in building web applications using React, Node.js, Express, and MongoDB. Skilled in frontend UI development and backend features like authentication, role-based access control, and API development. Highly motivated to learn new technologies, explore AI-assisted systems, and contribute to real-world projects.

SKILLS

- Frontend: HTML5, CSS3, JavaScript (ES6+), React.js
- Styling: Tailwind CSS, Responsive Design, Modern UI/UX
- Backend: Node.js, Express.js, REST APIs, JWT Authentication
- Database: MongoDB, Mongoose
- Tools: Vite, npm, Git, GitHub, Thunder Client
- Architecture: MVC, Service-based Architecture, RBAC

EDUCATION

Master of Computer Applications (MCA)

SKSS Arts College, THIRUPANANDAL – 612 504.

bharathidasan university 2024 – 2026

Bachelor of Commerce (B.Com)

Al-Madarsathur Rahmaniya Arabic College - Mayiladuthurai

Alagappa University 2024 – 2026

WORK EXPERIENCE

Full Stack Developer Intern – TecnoHacks EduTech Official

Jul 2025 – Aug 2025

- Built a backend-first Hospital Management System with rule-based medical triage and intelligent doctor assignment logic
- Implemented JWT-based authentication and strict role-based access control for internal hospital staff
- Designed priority-based patient handling to prevent starvation and automate case reassignment
- Architected the backend using MVC + service layers for scalability and clean separation of concerns
